## **EXECUTION**

- A. EXAMINATION
1. Do not begin installation until substrates have been properly prepared.
  2. If substrate preparation is the responsibility of another installer, notify Architect of unsatisfactory preparation before proceeding.
- B. PREPARATION
1. Clean surfaces thoroughly prior to installation.
  2. Prepare surfaces using the methods recommended by the manufacturer for achieving the best result for the substrate under the project conditions.
- C. INSTALLATION
1. Install in accordance with manufacturer's instructions.
  2. Locate signs in accordance with approved shop drawings and ADA requirements.
  3. Install signs after surfaces to receive signage are finished.
- D. PROTECTION
1. Protect installed products until completion of project.
  2. Touch-up, repair or replace damaged products before Substantial Completion.
